TOWN WARRANT

Commonwealth of Massachusetts

Middlesex, ss.

To either of the Constables of the Town of Wayland in said County:

Greeting:

In the name of the Commonwealth you are required to notify and warn the Inhabitants of said town qualified to vote in town elections to meet at their respective polling places on

MONDAY, MARCH 5th, 1923

at six o'clock in the forenoon, there and then to bring in their ballots for a Moderator, a Town Clerk, three Selectmen, a Treasurer, a Collector of Taxes, an Auditor, a Surveyor of Highways, a Tree Warden, and seven Constables, all for one year; one member of the School Committee, one Cemetery Commissioner, two trustees of Public Library, one Overseer of the Poor, one Assessor, one member of the Board of Health, one Water Commissioner and one Park Commissioner, all for three years.

Also to vote "Yes" or "No" upon the following questions, viz: "Shall the Town petition for the installation of an accounting system by the Commonwealth?" "Shall licenses be granted for the sale of certain Non-Intoxicating beverages in this town?"

All the foregoing to be voted on the official ballot. The Polls will be open at six fifteen o'clock in the forenoon and remain continuously open until four o'clock in the afternoon when they shall be closed.

And you are required to notify and warn the inhabitants of said town qualified to vote in town affairs to meet at the Town Hall on

Wednesday, March 7th, 1923

at 7.45 P. M., then and there to act upon the following

articles, viz:

Article 1. To hear the reports of town officers, agents and committees and act thereon.

Article 2. To choose all necessary officers, agents and committees not elected by official ballot.

Article 3. To grant money for all necessary town purposes.

Article 4. To appropriate the money received from Dog licenses.

Article 5. To see if the town will vote to authorize the Treasurer with the approval of the Selectmen to borrow money in anticipation of the revenue of the current financial year.

Article 6. To see if the town will vote to authorize the Treasurer with the approval of the Selectmen to borrow a sum of money not exceeding \$8000.00 in anticipation of re-imbursement from the State and County on account of oiling and repairing state controlled roads.

Article 7. To see if the town will accept the following bequest: \$100.00 received from Mrs. Levina E. Jordan to be known as the "Levina E. Hemenway Fund" income from which to be used for the perpetual care of the Benjamin S. Hemenway Lot in the Lake View Cemetery."

Article 8. To see if the town will vote to accept the following bequest "\$200.00 received from the heirs of Josiah W. Parmenter to be known as the 'Josiah W. Parmenter Fund'" income from which to be used for the perpetual care of the Moses W. Parmenter Lots No. 135-136 in the North Cemetery and the Herbert F. Parmenter Lot No. 77 in the North Cemetery Extension."

Article 9. To see if the town will accept the following gift. \$100.00 received from Chandler C. and Marie L. Leach to be known as the "George A. Leach Fund" income from which to be used for the perpetual care of the George A. Leach lot in Lake View Cemetery."

Article 10. To see if the town will accept the gift from sixteen subscribers of about 16,000 square feet of land adjoining the library lot on the north and east, to enlarge the lot and protect the property.

Article 11. To see if the town will appropriate

and assess a sum of money for the purpose of constructing a sidewalk on the State Road between Bennett Road and Cochituate Road.

Article 12. To see if the town will instruct Water Commissioners to re-lay water pipe on Old Connecticut Path and authorize Water Commissioners to borrow money for same, or do or act.

Article 13. To see if the town will appropriate and assess the sum of \$1,000.00 for temporary use of the Board of Health to complete certain drainage work already started, namely the improvement of the drainage of land between Bow Road, Concord Road and Old Sudbury Road and the cleaning of the Brook leading therefrom, as authorized by the vote at Special Town Meeting, Nov. 16, 1921; and to re-assess whatever portion of this sum as is expended as a betterment, or do or act.

Article 14. To see if the town will make the salary of the Superintendent of the Fire Alarm Seventy-five Dollars or otherwise act thereon.

Article 15. To see if the town will vote to appropriate and assess a sum of money for the purpose of building a sidewalk, with curbing, raised above the street level on the East and South side of the building known as Legion Hall in Cochituate, or do or act.

Article 16. To see if the town will vote to appropriate and assess a certain sum of money for the upkeep of a "Home" for the Charles H. Alward Post No. 133, American Legion, Incorporated, or do or act.

Article 17. To see if the town will vote to appropriate and assess a certain sum of money for the purpose of erecting two Memorials, one to be placed in Wayland Center and one to be placed in Cochituate, in honor of the soldiers and sailors of Wayland who served in the World War, or do or act.

Article 18. To see if town of Wayland will accept and maintain Ridgfield Road, to permit access to property known as Shore Acres.

Article 19. To see if the town will under the provisions of Section 45 of Chapter 41 of General Laws create on the First Monday of March in the year 1924, a board of commissioners of trust funds, consisting of

three persons who shall have the management of all trust funds given or bequeathed for the benefit of the town or the inhabitants thereof, except each one of said trust funds the management of which by said commissioners of trust funds would be contrary to the provisions made by the donor thereof, by the election, under the provisions of said Section 45, of one member of said board for one year, of one member thereof for two years, and of one member thereof for three years, at the annual town election on the first Monday of March in the year 1924.

Article 20. To see if the town will accept the provisions of Sec. 3, Chap. 143 of the General Laws, concerning the regulation of buildings or take other action in regard thereto.

Article 21. To see what action the town will take relative to better car service and keeping Street Railway tracks open in the town.

Article 22. To see if the town will vote to appropriate and assess a certain sum of money for the repairs or part of the repairs for the street car line from Cochrane Village to Wayland in order to assure continuance of the street car service to Wayland for the coming year, or do or act.

Article 23. To see what action the town will take in regard to the unused lines of the Boston Middlesex Street Railway Company held by franchise from the Town of Wayland in said town or do or act.

Article 24. To see if the town will instruct the Selectmen to appoint a committee to consider what action should be taken by the town with respect to the regulation of billboards and advertising signs and devices, and to report at the next special or annual town meeting.

Article 25. To see if the town will authorize the Selectmen to appoint a committee of citizens to investigate and report at the next town meeting on the possibility of establishing a town forest and to appropriate a certain sum of money for the use of the committee for this purpose.

Article 26. To hear any report there may be in regard to the Parmenter Bequest for the purpose of

providing a water supply for Wayland and to take any action that may seem fit in regard thereto.

Article 27. To see if the town will vote to appropriate and assess a sum of money for the purpose of installing electric lights on Loker Street, or do or act.

Article 28. To see if the town will vote to appropriate and assess a sum of money for the purpose of installing electric lights on Cochituate Road between Fiske's Corner and the residence of Samuel MacKenna, or do or act.

Article 29. To see if the town will vote to recommend to the Surveyor of Highways to employ Motor Power in the removal of snow at his discretion.

Article 30. To see if the town will appropriate and assess a sum of money to provide better Police protection, direct how the money shall be provided, or take any action relating thereto.

And you are required to serve this Warrant by posting copies thereof attested by you at the Town Hall, at each Post Office in Town, and on the Engine House in Cochituate, seven days at least before the time of holding said election.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk on or before March 1, 1923.

Given under our hands this 10th day of February in the year of our Lord, one thousand nine hundred and twenty-three.

.....

Constable of the Town of Wayland

WARRANT FOR ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Middlesex , ss.

To either of the Constables of the Town of Wayland in said County :

Greeting :

In the name of the Commonwealth you are required to notify and warn the inhabitants of said Town qualified to vote in town elections to meet at their respective polling places on

Monday, March 6th, 1922

at six o'clock in the forenoon, there and then to bring in their ballots for a Moderator, a Town Clerk, three Selectmen, a Treasurer, a Collector of Taxes, an Auditor, a Surveyor of Highways, a Tree Warden, and seven Constables ,all for one year.

One member of the the School Committee, one Cemetery Commissioner, two Trustees of the Public Library, one Overseer of Poor, one Assessor, one member of the Board of Health, one Water Commissioner, and one Park Commissioner, all for three years.

Also to vote "Yes" or "No" upon the question. "Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?

All the foregoing to be voted on the official ballot. The polls will be open at 6.15 o'clock in the forenoon and will remain continuously open for at least four hours, when they may be closed unless the voters otherwise order.

And you are required to notify and warn the inhabitants of said town qualified to vote in town affairs to meet at the town Hall on

Wednesday, March 8th, 1922

at 7.45 P. M. then and there to act on the following articles.

Article 1. To hear the reports of town officers, agents, and committees, and act thereon.

Article 2. To choose all necessary officers, agents and committees not elected by official ballot.

Article 3. To grant money for necessary town purposes.

Article 4. To appropriate the money received from Dog Licenses.

Article 5. To see if the town will vote to authorize the Treasurer, with the approval of the Selectmen to borrow money in anticipation of the revenue of the current financial year.

Article 6. To see if the town will vote to authorize the Town Treasurer to borrow a sum of money for the purpose of constructing a sidewalk on the State Road between Bennett Road and the Catholic Church.

Article 7. To see if the town will instruct the Tax Collector to take the necessary steps to enforce the payment of all taxes within six months from November of each year beginning with November 1921 or do or act.

Article 8. To see if the town will appropriate and assess the sum of (\$500.00) Five Hundred Dollars to repair road near Mr. Coffey's to the Lincoln line, or do or act.

Article 9. To see what action the town will take in regard to discontinuing the practice of employing married women as teachers in our public schools, with the exceptions of Drawing and Music teachers.

Article 10. To see if the town will appoint a Committee of four to act in conjunction with the Board of Health to investigate and report at a future town meeting in regard to the condition and elimination of Pigeries in the north end of the town, or do or act.

Article 11. To see if the town will appropriate and assess a sum of money not exceeding \$500.00 for

the purpose of repairing Pleasant Street and regraveling the sidewalk on the northerly side of said street or do or act.

Article 12. To see if the town will vote to appropriate and assess a sum of money not exceeding \$50.00 to make necessary repairs to town clock and its dials on M. E. Church tower, Cochituate, or do or act.

Article 13. To see if the town will vote to appropriate and assess a sum of money not exceeding \$50.00 to install an electric light on the Main Street dial of the Town Clock on the M. E. Church tower, Cochituate.

Article 14. To see if the town will vote to instruct the Fire engineers to install two additional Fire Alarm Boxes in Cochituate, one in the vicinity of the residence of Arthur E. Peck on Main Street and one in the vicinity of the residence of Sidney G. Hahn on Pond Street.

Article 15. To see if the town will vote to purchase a steam road roller and to appropriate and raise a sum of money for said purpose, or do or act.

Article 16. To see if the town will vote to purchase a suitable truck for road work, and to appropriate and raise a sum of money for said purpose, or do or act.

Article 17. To see if the town will vote to purchase a watering cart for road work, and to appropriate and raise a sum of money for said purpose, or do or act.

Article 18. To see if the town will vote to execute a release to the Sandy Burr County Club, Inc of a strip of land on the Southerly side of Cochituate Road, containing a quarter of an acre, more or less, formerly a part of the "Dwight Farm" or do or act.

Article 19. To see if the town will accept a gift of Rev. J. D. Binnette, pastor of the St. Zepherin Church, of a certain lot of land in the St. Zepherin Cemetery, for Soldiers and Sailors.

Article 20. To see if the town will vote to install a hydrant near the residence of Charles S. Wright and appropriate money for the same.

Article 21. To see if the town will give authority

to any person or persons to manage in behalf of the town the fund of ten thousand dollars given by the will of Jonathan M. Parmenter to the town of Wayland upon trust, and mentioned in the fourteenth item of said will, until such authority shall be revoked by later action of the town or otherwise.

Article 22. To see if the town will give authority to any person or persons to manage in behalf of the town the fund of Five Thousand Dollars given by the will of Jonathan M. Parmenter to the town of Wayland in trust, and mentioned in the fifteenth item of said will, until such authority shall be revoked by later action of the town or otherwise.

Article 23. To see if the Town will instruct the Selectmen to appoint a committee to represent the town and act in conjunction with the trustee or trustees of the estate of Jonathan M. Parmenter in reference to the Hospital and Water bequests, respectively.

Article 24. To see if the town will authorize the town treasurer to borrow a sum of money in anticipation of a reimbursement from the County and State on account of oiling of roads.

Article 25. To see if the town will under the provisions of Section 45 of Chapter 41 of General Laws create on the first Monday of March in the year 1923, a board of commissioners of trust funds, consisting of three persons who shall have the management of all trust funds given or bequeathed for the benefit of the town or the inhabitants thereof, except each one of said trust funds the management of which by said commissioners of trust funds would be contrary to the provisions made by the donor thereof, by the election, under the provisions of said Section 45, of one member of said board for one year, of one member thereof for two years, and of one member thereof for three years, at the annual town election on the first Monday of March in the year 1923.

Article 26. To see if the town will authorize the Town Treasurer to borrow a sum of money in anticipation of a reimbursement from the County and State on account of repair on Main Street, Cochituate.

Article 27. To see if the town will vote to raise and

appropriate the sum of \$250 or some other amount, and elect a director for demonstration work in agriculture and home economics, the money to be expended by, and the director to serve in cooperation with the County Trustees for Aid to Agriculture of the Middlesex Bureau of Agriculture and Home Economics, under the provisions of Chapter 273, General Acts of 1918; it being understood that \$100 shall be expended for local supervision of boys' and girls' club work.

And you are required to serve this Warrant by posting copies thereof, attested by you, at the Town Hall, at each Post Office in town, and on the Engine House in Cochrant, seven days at least before the time of holding said election.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk on or before March 4th, 1922.

Given under our hands this 15th day of February in the year of our Lord, one thousand nine hundred and twenty-two.

CHARLES A. BENSON
NAPOLEON PERODEAU
WILLIAM J. SCOTLAND

Selectmen of Wayland

February 1922

A true copy, attest:

.....

Constable of the Town of Wayland

WARREN L. BISHOP, Town Clerk of Wayland
BRENTON H. DICKSON, JR., Town Clerk of
Weston

18th December, 1922

To the Honorable Board of Selectmen,
Wayland, Massachusetts.
Gentlemen:

Having been selected as Assistant District Attorney of Middlesex County, it is with great regret that I feel compelled to resign as Town Clerk of Wayland. Please accept my resignation to take effect this day.

I wish to express to you my very high esteem, and through you, to the people of Wayland, my very deep appreciation of the honor conferred upon me each year during the decade I have held this office. I shall ever be mindful of the many courtesies and the good will they have shown me and I hope in the higher office to which I have been called, my public service will meet with their approval and redound to the benefit of the larger constituency of which they are a part.

Cordially and sincerely yours,

WARREN L. BISHOP,

Town Clerk of Wayland

The Board of Selectmen appointed Edna F. Bishop
Town Clerk to fill vacancy, Dec. 18, 1922.

Respectfully submitted,

EDNA F. BISHOP

Clerk of the Town of Wayland

SELECTMEN'S REPORT

During the year, twelve thousand dollars (\$12,000) was allotted for oiling and patching State and County controlled roads, of which the County and State each agreed to contribute one-third of the amount expended up to an aggregate of eight thousand dollars (\$8,000). Under this arrangement the State and County paid two-thirds of the expense of all work on the State and County controlled roads, namely: Concord Road, Sudbury Road, Pond Street, and Cochituate Road. In addition the oiling of town roads was extended further than heretofore.

We have settled a number of small claims against the town and have disposed of, to the best of our ability, the numerous questions arising throughout the year which are referred to this Board. We have made the usual appointments. We have endeavored to lend assistance to townspeople whenever called on and to maintain the service and to keep down expenses so far as lay within our power.

WILLIAM J. SCOTLAND, Chairman
NAPOLEON PERODEAU
J. SIDNEY STONE

REPORT OF FINANCE COMMITTEE

The committee recommend the following appropriations:

Abatement of Taxes	\$500.00

Total	<hr/> \$76,625.00

The above appropriations are recommended for the fiscal year ending December 31, 1923, in addition to such balances as appear on the Treasurer's books unexpended from last year's appropriations for above accounts.

We recommend that the money for removing snow, town insurance, and surety bonds and requirements for legal claims be drawn from the Revenue Account.

We recommend that the overdraft of (953.90) abatement of Taxes account be drawn and paid from the revenue account.

We recommend that unpaid bills (1922) of Fire Department to amount of \$199.91, Incidental amount of \$59.24 and School Department (Education) to amount of \$942.23 be drawn and paid from the Revenue Account

We recommend that the \$300 balance in Aid to Agriculture account be transferred to Demonstration Work in Agriculture and Home Economics Account.

We recommend that the unexpended balance in Main Street, Cochituate, account be transferred to Oiling account.

We recommend that the money received from Dog Licenses be appropriated one half to the Schools (Education) and one half to the Library.

We wish to call the voters attention to the total amount of appropriations recommended for the ensuing year \$10,698.01 less than last year. Voters should bear in mind that any extra appropriation will add about 25 cents for each one thousand dollars appropriated to your tax rate.

The amounts we have recommended will lessen the tax rate about \$2.50 per thousand.

Through the efforts of the Tax Collector \$62,000. of the \$82,000. outstanding in notes in 1922 have been paid.

There are now outstanding and past due \$20,000 in notes against the taxes of 1921 which under the law must be paid only from the taxes assessed in that year. Uncollected taxes of 1921 amount to \$31,149.01.

There are outstanding against 1922 Taxes indebtedness of \$75,000 to meet which there are uncollected taxes to amount of \$65,369.87 and cash on deposit \$17,037.78.

We wish to call the voters attention to the State Laws Sec. 53 of Chapter 44 of General Laws. Under this law the sums mentioned under the items of appropriation cannot be increased by any receipts.

The increased amounts recommended for several of the Town departments have been necessary under the provision of the above law to provide sufficient funds to cover the regular expenditures of the department

Chief of Police

REPORT OF THE FIRE ENGINEERS

We respectfully submit the following report for the year ending December 31, 1922.

In accordance with the vote at last annual town meeting the fire alarm system was extended on East Pond Street to residence of Sydney J. Halm and on Co-chituate Road to corner of Sunset Road and installed fire alarm boxes at both places also installed new boxes near residence of Nelson Mathiews and at Castle Gate South. In the past two years we have installed new wire on entire system amounting to about six miles. The new extensions voted for at last town meeting required about two and a half miles of new wire with new cross arms for poles and pins for same.

REPORT OF BOARD OF HEALTH

The Board of Health respectfully submit the following report for the year ending December 31, 1922.

By far the greatest activity of the Board was directed to problems connected with sewerage disposal, camps and rented properties were for the most part concerned. Their privies were inspected and orders given for their being put into sanitary condition after complaints had been made as to their condition. With the cooperation of the state Department of Health Division of Engineering, plans are under way for the proper disposal of the sewerage of the Mansion Inn, other instances includes one wherein a faulty privy was in danger of polluting an ice supply.

The sewerage plant of the Wayland school was found to be inadequate which condition was called to the attention of the school committee and is to be remedied. All commercial piggeries were inspected in regard to odors, flies and other nuisances. One garbage dump of several hundred cords was required to be buried.

A drainage ditch in the Wayland Center District, the subject of instruction by the Town Meeting of September 1921 to your board, has received attention to the extent of the limited funds of the Board's appropriation.

In 1921, 619 feet of the lower end were dynamited clean and by September 1, 1922 another 216 feet has been similarly. Several of the abutting owners have cleaned their portion and the Board will endeavor to have the remainder cleaned in the present year. A second ditch in precinct was cleaned out and made to flow properly.

All sink holes and other stagnant water have been sprayed with crude oil against mosquitoes. An unrecog-

nized case of diphtheria was found in the Wayland School after symptoms had developed and after the child concerned had exposed his schoolmates for several days.

In view of the dangerous circumstances, your board in cooperation with the school committee, decided to culture the throats and noses of the children in the lower grades, the school session being meanwhile continued. Seventy one cultures of children and adults in immediate contact with them were taken and examined by the State Department of Health laboratory. All were fortunately negative. This method of handling the situation demonstrated what individual were or were not harboring dangerous disease organisms and permitted school sessions to continue without interruption.

In view of the widespread outbreaks of diphtheria, scarlet fever and other dangerous communicable diseases in neighboring towns, your board respectfully calls attention to the wisdom of being careful about allowing our children to visit other towns indiscriminately.

Schools re-open Wednesday, January 2.

REPORT OF SCHOOL COMMITTEE

To the Citizens of Wayland:

The School Committee submits herewith its report for the year 1922.

In 1921 a law was passed making it compulsory for public schools to employ a school nurse. From December 1920 to December 1921 a Red Cross Nurse whose salary was paid by the Weston Chapter of the Red Cross was serving as District Nurse in Wayland. During this time she devoted, under the supervision of the School Committee, a part of her time to the school. When her salary from the Red Cross expired in December 1921 a sum of money was appropriated by the town to continue her services until the regular town meeting in March. At this meeting the sum of \$1500 was appropriated to pay her salary for the ensuing year and by a subsequent vote of the Selectmen the School Committee was given supervision of both her school and district work. The School Committee appointed a sub-committee of two ladies from Cochrasset and two from Wayland Center to help supervise the district work. As a rule she has devoted the mornings to the school work and the afternoons to district work. Her work in the school has been of great value in building up the health of the children and in preventing the spread of contagion. For an account of her district work you are referred to her own report. It may be well to call attention to the fact that a small charge is made for the nurse's visits, the cost of an ordinary visit being fifty cents and for an obstetrical case five dollars. The charges are in accord with the charges made for the services of public health nurses in other towns and it is important that they should be met promptly. The receipts do not, as some people seem to think, go to the nurse, but are used to pay for nursing supplies, telephone bills and the expense of running the nurse's car. A financial statement follows:

Receipts

Unexpended balance received from Public Health Committee	\$42.65
Nurse's fees (May 1 to Dec. 31)	97.00
Total	\$139.65

Expenditures

140 gallons gas	\$40.25
13 quarts oil	2.60
Repairs	10.75
Tire and tube	15.50
Registration	10.00
Telephone service	15.85
Total	94.95
Balance on hand	44.70
	\$139.65

The Grammar Schools have again been tested by the Harvard Graduate School of Education. The result is gratifying in that the report shows a distinct raising of standards over the preceeding year. It is believed that the improvement is due to a large extent to the salary scale put into effect two years ago whereby it has been possible to get and retain teachers of high ability.

Attention should be called to the increase in numbers in the High School. The enrollment is now 82 as compared with 48 four years ago. As the number of pupils in the grades is also larger than ever before, the prospect for a still larger high school in the future is very bright. This is encouraging, in view of the suggestion from certain quarters in the past that the high school should be abolished.

It will not do, however, to be satisfied merely with a large registration. It is of the utmost importance to instill into the high school students a better spirit of work and to raise the standard of scholarship. As one of the important steps toward accomplishing this end it is necessary to recognize frankly the fact that every year there will inevitably be some pupils who will not be capable of doing high school work. There is a natural ten-

dency, due to a mistaken kindness of heart and to pressure from the parents to pass on into high school a pupil who has tried hard, but whose record is so thoroughly poor as to indicate clearly a lack of capacity for continuing his studies further. There is the same tendency to retain in the high school a pupil who has reached a point where no further progress is being made. It would be far better, both for the individuals and for the school as a whole, to eliminate such pupils from the high school. They are merely wasting their time in struggling to do something for which they are unfitted when they could be doing profitable work elsewhere; and what is still more important, the carrying of such boys and girls is bound to result in a slowing up of the whole school and a lowering of the general standard of work.

MARY KERR, Principal

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Wayland School Committee:

Gentlemen,—

Herewith is submitted the twenty-sixth annual report of the Superintendent of Schools. Your attention is directed to the reports of the School Physician, Supervisor of Household Arts, High School Principal and School Nurse.

“You can bear me witness that I have endeavored to convince you of man’s inextinguishable individuality, and of the organic nature of Society, that there is no right way without a parallel duty, no liberty without the supremacy of the law, and no high destiny without perseverance—that there can be no greatness without self-denial.” —From Francis Lieber’s prefatory address to former pupils prefixed to “Civil Liberty.”

Wayland Schools are endeavoring to square themselves so as to conform to the need of the development of the individual, to become truly social centers, to so organize the work of the day that duty, law and liberty may prevail, coexisting harmoniously.

Wayland teachers are endeavoring to impress upon their pupils the fact that there can be no high grade of scholarship without persistent effort and self-denial. Nature’s physical and mental gifts may be bountiful. Inactivity, indolence, indifference are characteristics that defeat nature’s design and cause opportunities to go begging. Lack of ambition, lack of an objective in life, too great faith in some chance happening that will offset indifferent effort oftentimes prevent boys and girls from making their development time rich with habits of industry and self-sacrifice. Frequently, inferior types surpass the brilliant ones because of persistent, consistent vigorous effort to attain mental poise and

power. Wayland teachers try daily to make honest effort to excel a meritorious goal.

In studying the work of the school room the fact that one teacher in a grade room is obliged to teach fifteen subjects stands out predominantly. If the teacher must meet two grades the number of subjects are not increased but the lessons to be prepared are doubled. A two grade room or school offers two sets of ages, each having its own distinctive point of view and each its own need.

In May 1922 the schools were again surveyed as to intelligence and progress by the Harvard University School of Education.

The Center Grammar School showed that much improvement had been made during the year following the first survey. The employment of experienced teachers of real merit as educators, with fewer changes in the teaching force, have assisted materially in this improvement.

In some of the subjects all grades in both schools stood higher than the year before while in one of the subjects there was a distinct slump. In calling your attention to the number of subjects a teacher and her children have to handle I had in mind one of the difficulties confronting teacher and pupils. The emphasis of all fifteen subjects every year in a two grade room so that all children may show average attainments in all subjects is a considerable task even were teachers employed who can instruct in so many lines equally successfully.

The Wayland Parent-Teacher Association has again raised the funds for the award of a scholarship to some member of the Senior Class. This Association has performed much work for the betterment of the schools. Teachers, school officials, parents, and community are are grateful to the workers of this organization.

The Cochituate Parent-Teacher Association has been active during the year and has succeeded in creating much interest in a better understanding of the teacher's problem. The child has a problem as well as the teacher. Parents who visit the school and are active in the asso-

ciation are realizing more fully that school means problems and business for children. This Association has interested many people in town to support a movement to secure a new piano. The instrument now adorns one of the rooms and is giving highly satisfactory service to the school and Association.

The increasing number of children in the Cochituate District indicates that soon another room will be needed. The sub-primary work has been abolished. The age of entrance has been raised to five years six months. This change in school work and the size of certain grades has caused many adjustments, both temporary and constructive in nature, difficult for parents to understand fully, but necessary for the administration of the building another year under a strictly eight grade system. You will note that there are 191 children enrolled.

The seating capacity of the Cochituate School is 210, 19 more than the current enrollment. Twenty-four more seats may be installed in the building. Should the number of children increase as greatly in the coming two years as in the past two an addition of two more rooms according to the plan of the building will be quite necessary.

The high school registration is 83, one more than was recorded at the time Principal Allen submitted his report, current registration being 76. Three years ago there were less than fifty enrolled at this season. The registration another September bids fair to be in the neighborhood of 90. The capacity of the high school will begin to be taxed at the 100 mark. Another teacher will be needed if the number of students remains as high as at present.

The Center School and High School need a lunch room, a more commodious kitchen for teaching cookery and preparing for the large patronage of the lunch counter, a sewing room, laboratories, in fact, utilitarian quarters that will provide for activities of a general nature. Physical Education cannot be given students without suitable quarters and conveniences for same.

It may be but a dream, this vision of the Center School offering a greater variety of training than can at present be given but dreams sometimes come true.

They are the advance guards of all onslaughts for advancement in every line of business. They prevent the petrifying activity of school room monotony so that teachers remain young in heart and mind and soul although bearing the outward seams and scars of years. We who are deep in the work of education must dream of educational betterment.

There are groups of boys and girls in the Wayland Schools, especially in the High School, who need a more diversified curriculum than is now offered.

You will note from our accounts that the cost of transportation has increased and that the figures submitted for another fiscal year are still higher. The greater number of children transported by the cars, the restoration of the barge system in the Connecticut Path region, and the extra expense incurred in getting high school pupils from Cochituate to Wayland on account of the snows and vacated cars rails account for the increased estimate.

Study may well be given the transportation expenses. Unless the Town elects to be less generous in the matter of transportation of children there is little prospect of the bill for this service being reduced. Wayland has always been most generous in the extension of her car and barge service.

The hearty co-operation of your teachers and other school employees is much appreciated.

Respectfully submitted,

FRANK H. BENEDICT

REPORT OF HIGH SCHOOL PRINCIPAL

Mr. Frank H. Benedict,
Cochituate, Mass.

Dear Mr. Benedict:

I herewith submit to you my fifth annual report as
Principal of the Wayland High School.

This year Wayland High School has the highest enrollment that the school has had for many years and the indications are that the enrollment will be even larger another year. At present I find it difficult to provide meeting places for the classes and study sections, and with added numbers this condition will become more acute. Some time in the near future extra rooms will have to be provided. The plan outlined by Miss Allison before the Wayland Parent-Teacher Association in October 1922 will provide space for more classes.

The present curriculum contains as large a list of subjects as can be given by our teaching force. It is fairly satisfactory to students who are preparing for other institutions, or who intend to go into business lines; but for many students of vocational ability the school offers too little that they will make use of after leaving school. The time is not far off when more vocational subjects will have to be offered in the school if the school is to give service to all of the community. This is not an entirely new situation. It has been coming for some time and seems to me to be gaining strength each year. I know that there are more of these vocational students at Wayland High School this year than any year since my connection with the school.

A beginning was made upon vocational work when Miss Allison was engaged to give instruction to the high school girls in cooking. Much more should be done for the girls and work should be started for boys of vocational ability.

Sincerely yours

DAVID J. ALLEN.

REPORT OF SUPERVISOR OF HOUSEHOLD ARTS

Mr. Frank H. Benedict,

Supt. of Schools of Wayland

Dear Sir:

I herewith submit a report of the classes in Household Economics and the lunch-room service.

The classes in cookery are carried on in much the same manner as heretofore. The employment of an assistant in the lunch room makes it possible for a larger number of classes to be held. Sewing has been introduced for the girls in the seventh and eighth grades and the boys of the eighth grade are receiving instruction in cookery through a course in camp cooking designed to acquaint the boy with the principles of plain cookery and with the use of kitchen utensils. The classes in sewing for the boys offer instruction in the care and mending of clothing rather than the construction of garments.

The patronage of the lunch room has increased tremendously; in fact, we have entirely outgrown our quarters and equipment. It is estimated that about eighty children buy part or all of their luncheon, and the large part of this food must be prepared between the hours of ten-thirty and twelve on a stove designed to meet the needs of an ordinary family. An assistant has been employed who begins work at ten o'clock working in the corridor under great disadvantage, because the lunch room is being used as a class room in that period. If this service is to be continued, and its worth has certainly been demonstrated, it will be necessary to provide larger and more fully equipped rooms for the purpose. The amount of food served would warrant buying in larger quantities, thus taking advantage in many instances of wholesale prices, but lack of storage space makes this impossible. More storage room would also allow the serving of a larger variety of food. The lunch room is and always has been self-supporting although the charge for food is cal-

culated to cover the cost of materials. It is possible to purchase an adequate lunch for from sixteen to twenty cents.

Respectfully submitted,

J. OLIVE ALLISON

REPORT OF SCHOOL PHYSICIAN

F. H. Benedict, Superintendent, and the School Committee of Wayland:

Herewith I have the honor to give you my report as School Physician for 1922.

I have examined all the pupils in school attendance for 1922. I am much pleased with the improved condition of the entering grade particularly in regard to the first teeth. This implies that parents and dentists are becoming wise to the necessity of early care of the first teeth. There are still some who can not or will not spend money on the first teeth of children, so school physicians and dentists of the future will not lack for something to do.

I am more and more pleased each year with the conduct of the Wayland Schools, and by the care and good judgment of the whole teaching force, from the superintendent and teachers down to the janitors.

This year we have had comparatively little illness with nothing that could pass for an epidemic. Recently in one of the Wayland schools a case of diphtheria occurred the nature of which was not recognized for several days and exposed a large number of pupils and outsiders. The health department of the school made about 90 cultures from the throats and sent in to the State Board of Health. Fortunately all of them were negative showing that no one had contracted the disease to the time of making the cultures. I have made examinations as follows:

Wayland pupils	227	
Cochituate pupils	187	
Total		408

188 pupils have diseased teeth. 133 cards have been

sent out by the school nurse calling attention of parents to diseased teeth and other defects.

187 pupils have been marked as "O K", this meaning good teeth and the absence of serious defects in physical condition.

Respectfully submitted

W. H. SYLVESTER, School Physician

REPORT OF SCHOOL AND PUBLIC NURSE

School and Public Health Committees,
Wayland, Massachusetts.

Mr. Chairman and Members:

I hereby submit my annual report for the year ending December 31, 1922.

Conditions in the schools are unusually good. Apparently, most of the school children are well cared for. There are 119 children in the Wayland Center School, and only 15 are 10 per cent under weight. In the Cochituate School 23 out of 183 are 10 per cent under weight. Few schools can show such a record. The majority of the children are giving considerable attention to keeping their teeth clean, indicating that considerable stress is laid upon clean mouths at home as well as in the school room.

The morning hours are spent in the Cochituate and Wayland Schools, unless something unforeseen arises. The absentee report is followed up especially in the cases of contagious or infectious diseases to make sure that a physician is called. Very sick children are accompanied home and the parents of these are advised. The parents as a whole are usually very cooperative. The children are given health talks, are weighed and measured, their teeth are examined, and their rooms are inspected. Weight charts showing age, weight and height, and actual weight are hung in all the school rooms. Sight and hearing tests have been made in the high school as well as in the other two schools.

The school physician is assisted during his annual examinations and whenever he has occasion to visit the schools. All difficult problems are referred to him. He

is always ready and willing to advise or visit the school when necessary.

Nursing service is given free of charge to the needy. All advisory, friendly, prenatal, postnatal and child welfare visits are free.. Clothes are distributed as the need arises.

The Metropolitan Nursing Service was given to the Wayland nurse last spring. They allow free nursing service to all Industrial Policy holders.

Much time has been spent investigating several difficult social problems. Through the aid of outside organizations, these have been settled satisfactorily.

The Cochituate Parent Teachers' Association raised money to equip a supply closet in which there is everything needed in a sick room.. These may be loaned to any family in Cochituate. The Wayland Parent-Teachers' Association voted to give twenty five dollars to be used in connection with the work.

I wish to thank the churches, clubs, and citizens of the town for so generously contributing to the District Nurse's car. Much credit is due to the women who gave their services and time to solicit throughout the town for this fund. With the use of the car I have been able to answer all emergencies quickly in either end of the town. It has been quite gratifying to know that the fee paid for my visits have been more than sufficient to cover gas, ordinary repairs and telephone expense.

I want to thank the School Committee and the Public Health Committee associated with you, representing Wayland and Cochituate ,for your kind assistance.

Respectfully submitted,

MARY McNEIL

REPORT OF LIBRARY TRUSTEES

By the will of the late Warren Gould Roby, proved in 1898, one half acre of land was given the town, together with \$28,000. to build a library, the boundaries of the lot being strictly defined. The Building Committee appointed by the town found however, that only the extreme northerly part of the lot was suitable as a building site, the remainder, reclaimed marsh-land, being too soft and wet. The library building was therefore from necessity placed upon the extreme edge of the lot, within eighteen inches of the northerly boundary line. These conditions still exist.

Last summer it was brought to the attention of the trustees that the land adjoining the library lot on Concord Road, to the north, was for sale. It was at once apparent to the trustees that this opportunity should not be lost to acquire sufficient additional land to protect the library property.

Immediate action being necessary, an option was secured on the land, and a committee appointed by the trustees to solicit subscriptions for its purchase. The amount required was quickly subscribed by sixteen citizens, and title was taken as ad interim owners, by Amos I. Hadley and Alfred W. Cutting, pending acceptance by the town of the land as a gift. The trustees not being an incorporated body, could not take title as such.

By this proposed acquisition of land and rectification of boundary lines, the library building will stand in the exact centre of the lot, amply protected on all sides, an additional frontage of eighty feet on Concord road being secured.

This addition, comprising some 16,000 square feet of land, is offered by the subscribers to its purchase to the town, as a gift, and title will be passed at once upon

its acceptance at the pending Town Meeting, March 7, 1923. By provisions of the present deed, if this action is not taken within one year the land must be reconveyed to the grantor upon demand, on repayment of the purchase price.

The annual report of the Librarian showing the constantly increasing activities of the library, is herewith submitted. The circulation increased the last year nearly 2000 volumes, reaching a total of over 27,500, the highest in the history of the institution.

WATER COMMISSIONERS REPORT

The following report is respectfully submitted.

The water Commissioners organized with H. G. Dudley, chairman and Maynard C. Porter, clerk and collector.

W. S. Bigwood was appointed Superintendent of Water Works.

As voted by the town at the Annual Town Meeting a hydrant was installed in front of residence of Charles Wright. Two additional hydrants were installed, one in Shore Acres and the other at Castle Gate South.

The Water Commissioners wish to inform the Water takers that after February 1st, 1923 the Water Department will have an office and shop at the premises of Mrs. A. Bent, formerly occupied by the Boy Scouts. The Collector will be at the office every Tuesday night from seven P. M. to 9 P. M.

Superintendent Wayland Water Works

HENRY G. DUDLEY

JAMES C. McKAY

MAYNARD PORTER, Clerk

REPORT OF PARK COMMISSIONERS

In view of the financial conditions the past year the Park Commissioners have been unwilling to undertake any but the most necessary work. The development of the lot at Wayland at the corner of State and Cochituate Roads has been completed as regards filling, grading and retaining wall, the cost being \$126.60. The seeding down of the plot remains to be done this Spring. At Cochituate the back stop for the ball ground has been rebuilt and new seats erected, also benches for the players, the cost being about \$40. and a small sum expended for tree surgery and cleaning up brush. Several maple trees should be set this spring to replace dead and broken ones, tree guards supplied to protect the young trees from accidental injury, and a considerable amount of grading done. For these purposes and to meet any emergencies a small appropriation is asked.

ROBERT STEARNS, Chairman
JOHN WIGHT
WARREN D. VALENTINE, Clerk

Treasurer

CEMETERY COMMISSIONERS REPORT

During the past year the town has received four additional gift funds for perpetual care of lots and cemeteries making a total amount of \$10,250. in funds, all of which are invested in United States Liberty Bonds.

Owing to the disability of the Superintendent, quite an amount of work was unfinished late in the season, which will be completed when the spring season opens.

Although the damage resulting from the ice storm of last winter is very much in evidence, still the general appearance of the cemeteries has been as good as could be expected.

Appended is statement showing balances held by the treasurer subject to the order of the Cemetery Commissioners on December 31, 1922.

1922

Jan. 1. Balance	\$130.87
Proceeds from sale of lots in Lake View Cemetery	147.00
